# Mark's Exxon

A full service gas station offering auto repairs and oil changes.

490 E Lincoln Ave, Myerstown, PA 17067 - (717) 866-2055

The Business at 490 E. Lincoln Avenue opened in 1948, when Myerstown 422 bypass was built.

In 1952 Meyer Oil Company bought the gas station and sold Citie Service Gas. One bay of the shop was for car repair and the other bay was a car wash. In 1955 Herb Marks started his business of repairing cars. He was working at Ebersole in Lebanon before starting his own business. In 1966 the third bay was built on. Around 1970 gas was switched to Exxon fuel.

Around 1972 there was a young boy, Mark Newswanger, riding his bike to Myerstown Mennonite School who told his friends that one day he would like to own that little gas station. That dream came true in the summer of 1994. Mark took over the business when Herb Marks retired keeping the name the same, which it is still named today. Mark's vision and prayer for the business was to show the love of God to the community and give the best service he possibly could to the people for their vehicles.

In 2020 Mark sold the business to his son, Gary Mark, who had worked for his dad after school and then full time after he graduated from high school. The business is continuing to grow and Gary felt the need to expand and give his employees more room to work in their bays and also better serve the community. We also offer fluid checks, tire pressure checks, windshield cleaning and we pump your gas, full service.

We want to thank all our customers for their loyalty and kindness through the years. But most of all we want to thank the Lord Jesus for all he has done for us. Sincerely, The Team at Mark's Exxon
