Why Choose Us? When it comes to protecting your home or business, the roof is one of the most crucial elements. Whether you're building a new property or need to replace an aging roof, selecting the right roofing company is just as important as choosing the right material. With over 30 years of experience, we install all types of roofs, from classic standing seam roofs to stylish corrugated metal panels and even shingles. Our expertise ensures that your roof will be installed correctly, providing long-term protection for your property.

Durability and Longevity. Metal roofs are renowned for their durability and longevity. Unlike traditional roofing materials, metal roofs can last up to 50 years or more with proper maintenance. Our metal roofing systems are designed to withstand harsh weather conditions, including heavy rain, high winds, snow and extreme heat.

Low Maintenance. One of the biggest benefits of metal roofing is its low maintenance. Metal roofs are resistant to mold, mildew, and algae, which are common issues with traditional asphalt shingles. Plus, metal roofs don't crack, warp, or rot like other materials, which means fewer repairs.

Aesthetic Appeal. Not only are metal roofs practical and durable, but they also offer great aesthetic appeal. With a variety of colors and styles available, you can choose a metal roof that enhances the beauty of your home or business. Whether you're looking for a sleek, modern look or a more traditional design, we have the perfect solution to suit your style.

"We are not the biggest just the best!"

Celebrating 40 Years

“Align Life Ministries is celebrating 40 years of serving God and young families in our communities as we carry out the mission of proclaiming the gospel of Jesus Christ and championing the sacredness of human life.

The ministry began in 1985 when five Lebanon County women had a vision to act on their life-affirming convictions by sharing the gospel and practical services with women facing unintended pregnancy. From that vision, the “Crisis Pregnancy Center of Lebanon County” was born.

The vision grew, and we expanded into Lancaster County and changed our name to Susquehanna Valley Pregnancy Services (SVPS), adding a location in Lancaster in 1991, Ephrata in 1998, and Columbia in 2002.

As we built our pregnancy services ministry, we sensed a larger calling from God: to align with Him even more intently, strategically partner with other life-affirming ministries throughout the nation, and publish resources for Christian leaders and the Church at large. With this expanded mission came a new name in early 2020: Align Life Ministries. At the same time, the pregnancy services ministry of Align became known as Align Pregnancy Services.

Today, Align is pleased to serve pregnant women, parents of young children, and people recovering from a past abortion. We offer pregnancy tests, ultrasounds, prenatal and parenting education classes, baby care supplies, and abortion recovery support. Our services are completely free and confidential, and help young moms like Lauren, who experienced an unplanned pregnancy when she was 17. Lauren received a free ultrasound and enrolled in our prenatal education classes. Her beautiful daughter is now a vibrant 13-year-old enjoying family, school, hobbies, and church.

In Align’s 40 years of ministry we’ve seen God work powerfully across three generations. Parents we served in 1985 are now grandparents. Babies saved from abortion have grown up, had children of their own, and those children are growing up, each one an image-bearer of God.

To learn more or to support the mission of Align, please visit AlignLifeMinistries.org or call 717.274.5128.
